

# PRACTICAL SOLUTIONS FOR FACULTY: Assessing Learning

### Learning Goals:

At the conclusion of *Practical Solutions for Faculty: Assessing Learning*, participants will have gained the knowledge and insight to:

- Customize academic-integrity strategies to the discipline taught and level of rigor expected of learners
- Construct an assessment system designed to promote mastery learning and reduce cheating
- Encourage communication and honesty in your students
- Define metacognition and explain its role in learning
- Identify how microactivities might be integrated into your class
- Optimize feedback provided to students while being strategic about the time invested in grading
- Create activities to be used in the classroom that reduce the need for individual grading
- Improve the effectiveness of standardized testing by re-conceptualizing the post-exam review into a powerful teaching and learning tool

**Practical Solutions for Faculty: Assessing Learning** is your guide to helping students succeed through meaningful assignments, well-written assessments, and thought-provoking feedback.

**Course Length:** 8.5 hours  
**Course Access:** The course enrollment will expire one year from date of purchase.

**Who Will Benefit From This Course:**

- Faculty
- Educational Developers
- Instructional Designers

**EARN THIS BADGE**

*Practical Solutions for Faculty: Assessing Learning* begins with strategies to create a culture of excellence and foster intrinsic motivation. You'll also be introduced to teaching practices directed to improving cognition and retention as well as guidance in creating assignments and exams to assess learning. Finally, you'll receive proven advice on not only simplifying the grading process, but also how to maximize feedback to impact learning. Help students master your content! Learn from your brilliant colleagues who have been there before and get the tools to succeed with **Practical Solutions for Faculty: Assessing Learning!**
